Geoscape Solar © Geoscape Australia. Created using a range of source data including:

1. Source data from the Geoscape G-NAF, Buildings, Cadastre, Property and Planning products listed above;

2. Source data © GeoX GIS Innovations Ltd; and

3. [Average annual & monthly sunshine duration maps](#) © [Commonwealth of Australia , Bureau of Meteorology](#) licensed under the [Creative Commons Attribution 3.0 Australia Licence](#) (open data).

Geoscape Planning Insights © Geoscape Australia. Created using a range of source data including:

1. Source data from the Geoscape G-NAF and Cadastre products listed above; and

2. Source data © Archistar Pty Ltd 2023.

Geoscape Aboriginal Lands © Geoscape Australia. Aboriginal Lands is created using a range of source data including:

1. Source data © Northern Territory Government (Department of Infrastructure, Planning and Logistics);

2. Source data © State of Victoria (Department of Transport and Planning);

3. Source data © Government of Western Australia (Department of Planning, Lands and Heritage);

4. [NSW National Parks and Wildlife Service (NPWS) Estate](#) © State Government of NSW and Department of Planning, Industry and Environment 2015 licensed under the [Creative Commons Attribution 4.0 International Licence](#) (open data);

5. Aboriginal Land layer of [LIST Cadastral Parcels](#) from [theLIST](#) © State of Tasmania licensed under the [Creative Commons Attribution 3.0 Australia Licence](#) (open data);

6. Indigenous Land Interests and Description and Grantee ALA and TSILA Lots licensed by the [State of Queensland (Department of Resources)](#) under the [Creative Commons Attribution 4.0 International Licence](#) (open data);

7. [Aboriginal Land](#) licensed by [Government of South Australia (Department for Energy and Mining)](#) licensed under the [Creative Commons Attribution 3.0 Australia Licence](#) (open data); and

8. [Native Title Determination Outcomes](#) licensed by the [National Native Title Tribunal](#) under the [Creative Commons Attribution 4.0 International Licence](#) (open data).

The right to use any open data subsisting in Geoscape data products is licensed directly to recipients of Geoscape datasets under the terms of the relevant open licence described above.

Note: As noted above, several Geoscape data products are created using [Australian Statistical Geography Standard (ASGS)](#) data © [Commonwealth of Australia (Australian Bureau of Statistics)](#), which is openly available under a [Creative Commons Attribution 4.0 International Licence](#).

Disclaimer

Geoscape Australia endeavours to ensure that its products and services are accurate and complete by using source data primarily from Australia's federal, state and territory governments and other reputable sources. However, Geoscape products and services are provided 'as is', and to the extent permitted by law neither Geoscape Australia, nor its distributors, nor Australia's federal, state and territory governments, nor any other providers of source data make any representations or provide any warranties (express or implied) about the accuracy or completeness of Geoscape products or services, their fitness for any particular purpose or that they are without errors or faults.

To the extent permitted by law, Geoscape Australia, its distributors, Australia's federal, state and territory governments and any other providers of source data have no liability (including liability in negligence) for any losses suffered (including any indirect losses, loss of profits or data and any other consequential loss) or expenses incurred arising from use of Geoscape products and services for any particular purpose, Geoscape products and services being inaccurate or incomplete in any way for any reason or any errors or faults in Geoscape products and services, even if Geoscape Australia, its distributors, Australia's federal, state and territory governments or any other providers of source data have been advised of the possibility of such losses or expenses.
